

University of Cyprus, Microsoft Cyprus and the Cyprus Investment Promotion Agency organized a workshop under the title: "**Cloud Computing in Cyprus: Opportunities and Challenges**" ([CCIC12](#)). The workshop took place on May 23 2012 at the Anastasios Leventis Building, Room B108, University of Cyprus.

The workshop aimed at examining the prospects, the difficulties and the challenges of establishing the regulatory, technological and business environment that could attract to Cyprus significant international activities in the Cloud Computing sector. The program of the event can be found [here](#) .
