

The Department of Computer Science, University of Cyprus organized a workshop under the title **"Information and Communication Technologies in the [Horizon 2020](#) : Opportunities and Challenges for Cyprus"**.

The workshop took place on Monday, December 2 2013 at the Anastasios Leventis Building, Room B108, University of Cyprus.

Horizon 2020 is the financial instrument implementing the Innovation Union initiative aimed at securing Europe's global competitiveness. Running from 2014 to 2020 with a budget of just over €70 billion, the EU's new programme for research and innovation is part of the drive to create new growth and jobs in Europe. The workshop aimed at presenting Horizon 2020 to the Cypriot academic, research, technological, business and policy-making communities. The workshop featured two invited speakers from Directorate General CONNECT of the European Commission.

The program of the event can be found [here](#) .
